

BOARD FAVORS OUTSIDE BID FOR SNOW TRACTORS

Lowest Is Protested Because
Concern Has Been in Business Less Than Year.

The Board of Estimate to-morrow will be asked by the Board of Purchase to give its approval to the latter body to accept an outside bid for "giant" tractors for use by the Department of Street Cleaning. The request was made by Acting Street Cleaning Commissioner Eachman today and endorsed by Grover A. Whalen, Chairman of the Board of Purchase.

On recommendation of the Mayor's Committee of Snow Engineers, of which Fire Chief Kenon is Chairman, bids were advertised for last spring for two weights of caterpillar tractors, 3,000 and 5,000 pounds, respectively. Ten competitors bid.

The "baby" class was awarded to the Cleveland Tractor Company, which was lowest, but in the "giant" class the Holt Caterpillar Tractor Company, which was second lowest, protested the bid of the J. T. Tractor Company, which was \$27,900 lower. The protest was based on the provision that all bidders are required to furnish testimonials from users of their product for at least one year previously.

The J. T. Tractor Company has been in business only eight months. The Holt Company also claimed the J. T. tractor was not of the required weight, 5,000 pounds. A committee of engineers reported the Holt Company had been in business thirty-five years and had made 40,000 tractors for the government during the war.

The report showed the J. T. company had made 183 tractors by an assembling process from which thirty-seven different machine shops or makers supplied the parts.

CHURCH POORBOX IN POCKET.

Given to Him With \$32 Contents, Says Negro.

While Thomas Spruce, negro, of No. 105 Dewey Street, Jamaica, was standing at Church and Fulton streets early today Policeman Kay Wilbur noticed a peculiar bulge in his overcoat pocket. When Spruce refused to answer questions Wilbur yanked out what the police declare is a church poorbox. It contained \$32.

Spruce said a friend gave him the box. He was locked up.

Killed by Pulling Scaffold.
A rope holding a painter's scaffold at No. 494 Prospect Place, Brooklyn, broke to-day while Michael McNamara, of No. 129 St. Mark's Avenue, was at work. He was dropped into the airway, forty feet below, and instantly killed.

Uncrumple Your Tired Toes!

MEN—isn't it sound common sense to put your feet into shoes that are made scientifically to fit feet naturally—rather than to make the foot shape itself to the shoe?

Scientifically foot-shaped shoes are the ones we recommend—Educators. They "let the feet grow as they should"—free from corns, bunions, callouses, and ingrowing nails—and are the surest preventive of weak and fallen arches.

Prevent foot-ills, and get old-shoe comfort in new shoes, by getting your feet into Educators. No breaking-in necessary. We have several attractive styles in Educators that will surely please you. Come in today. Bring along the family—they all need Educators.
